

Neville's Cross Primary School and Nursery

Curriculum Vision

School Vision:

Neville's Cross is an inclusive family where all are nurtured to become happy, confident and resilient learners supported to reach their unique potential. Our children develop skills to become active members of our school, community and society

Curriculum Drivers

At Neville's Cross Primary School and Nursery the curriculum is designed to: recognise children's prior learning, provide first hand memorable experiences, allow the children to develop interpersonal skills, build resilience and become creative, critical thinkers.

We worked to prioritise the things we wanted our children to experience during their time with us.

Our curriculum drivers underpin the work we undertake in all areas of school life including our enriched curriculum offer.

Well-being

We would like our children to shine and celebrate their talents and the talents of others. They will engage in rich experiences that allow them to take risks. We aim to nurture confident, resilient and independent children who are able to make responsible choices, understand and maintain positive relationships and show empathy and compassion.

Community Engagement

We pride ourselves on our links with the local and wider community. These links aim to equip children with cross-curricular skills, aspirations and empathy. We aim to enable our children to develop a real sense of worth and leave our school as confident, tolerant and respectful young people.

Creativity

We would like our children to engage and develop their ideas through a wide range of creative, physical and expressive activities. This allows them to widen their interests and approach new experiences with enthusiasm. We aim to nurture children's love of learning through a broad and enriched curriculum.
