## Welcome Back!

It has been wonderful having everyone back this week. Hearing the familiar laughter, chatter and bustle of a full school has been truly wonderful. Please continue to follow school systems at drop of and collection time by wearing a mask and following the one way system. Thank you for your support.

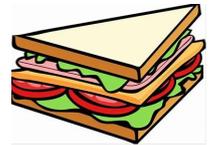

## Wraparound care after Easter

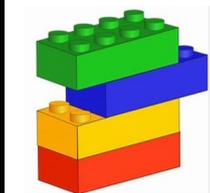

You should have received a text today with a link to booking forms for breakfast and teatime club after Easter.

Thank you for your patience We cannot currently accept payment for these due to timing linked to the end of the financial year but we will let you know when the items are on ParentPay.

## Nursery places for September

We only have a couple of spaces available for Nursery for this coming September. Please look on our website for further details of how to apply.

## COVID testing for families

Please refer to our letter sent last week about lateral flow testing which is now available for parents and carers with children of school age. Tests can be delivered to your home (you will receive 7 tests) or can collect up to 28 tests if you collect from a local collection point in Durham. These collection points can be found here: <https://www.gov.uk/find-covid-19-lateral-flow-test-site> No appointment is necessary. Please note, if you develop any of the COVID symptoms you must still book a PCR test (the tests which are sent away to a lab for analysis). The Lateral Flow Test is not to be used if you develop symptoms. The usual expectations for isolation apply if an adult tests positive using the Lateral Flow Test. It is recommended that you then get a PCR test to confirm this result.
